REPORT ON TAL MAHAL, BY AL ZAIKA

The \$20. note pictured on the opposite page was one of those that were used for "Fun Nite" play at Trumps Taj Mahal Casino in Atlantic City, N.J., on April 2, 1990. A \$10. and \$100. note was also in use and all were redeemable for the "Fun Nite" chips. I'm grieved to report that the chips were the common stock type, without the casino name. After spending all that money to build the Taj Mahal, Donald must have run out of the wherewithal to pay for chips featuring the casino name. In addition to the above mentioned items, I came away with some of the \$1. and \$5. slot machine tokens. The \$1. token is white metal and of very poor quality, with some of the lettering barely legible. The \$5. token is much nicer in appearance and die work and looks to be brass, with a white metal coating around the border.

UPDATE OF CREDIT ITEMS MADE BY WHITEHEAD-HOAG

In my previous article, (issue No. 49, 1988) , I listed the J. L . Hudson Co. , (Detroit) charge coin in bronze. Since then I have acquired one in alum. , with a gold like plating. The obv. is the same, but the Rev. is marked - 00000, instead of the word Sample.

The next item is probably a key return tag and not a charge coin;
Obv. - Finder Please Return/Drennen Company/Department Stores/W-H
mintmark.

Rev. - M.R. & B. Co. /star and half moon. WM, oblong, 33mm.

I have also picked up two different tags with different obverses from the previously listed Seminole Hotel, Jacksonville, Fl. tag, with the bust of an Indian on the obv. One is marked Rotary International, with its logo and the other piece is marked Kiwanis-K-Club on the obv. It appears that the hotel used these tags for conventions or to entice the club members to use their facilities.

In closing, I would like to express my thanks to Honorary Life Member, Damia Francis for presenting me with her original Hahne & Co. , (Newark, N.J.) charge coin that was issued to her in 1935.

Gary Patterson

The following maverick is marked, Newark, but so far I have not been able to find it listed in any of my references of New Jersey. Can anyone help?

Obv. - Sam Hammell/254/Newark.

Rev. - No. 2. All incused, brass, 24mm and holed at 12 O'clock.

PRESIDENTS MESSAGE

The G.S.N.A. Convention and the New Jersey Token & Medal Show will be run from June 22 to 24 this year. Our annual meeting is scheduled for Sat. in the Ventnor Room at 12:30 PM.

In addition to our regular meeting, " Mr. Chips ", Archie Black will present a talk on his specialty, gaming chips and tokens. I'd also like to start an auction at our meetings with donated items, to help boost our treasury, (sounds like my bank account). If you have a token or medal that your tired of looking at, or have a duplicate, put on a generous mood and donate it to the cause. If you think this will make you miserable, think how sad Jacob Morley was and how happy Ebenezer Scrooge was at the end of " A Christmas Carol ". The buyer will be happy, the treasury will be healthier and you may pick up a wanted item. Lets make it a win-win auction, where everyone is a winner. Your participation can make it happen.

I hope to see many new faces at our meeting on Sat. June 23rd at the Hyatt Hotel, Route 70, Cherry Hill, N.J. Whoops, almost forgot that NJES is now ten years old.

Regards to all,

Pete

EDITORS COMMENTS

Enclosed with this issue is one of the NJES, 10th Anniversary elongated cents. If you desire more of the elongateds, they are available from me at \$1.00 each, or 3 for \$2.50 postpaid. Also enclosed is a ticket for the 50-50 drawing that will be held at our meeting in Cherry Hill. The tickets are \$1.00 and if you can't attend the meeting, please mail the upper portion with your name and address, along with \$1.00 to me. Those attending the meeting can pay for the tickets at the meeting.

Upon our 10th Anniversary, I would like to thank Gary Patterson, all our past and present officers and editors and most of all, all our members who have remained loyal all these years, for making this auspicious occasion possible. Hopefully, we all will be able to celebrate the 20th Anniversary of NJES.

TRUMP'S TAJ MAHAL TOKENS

As you've already read elsewhere, the Taj Mahal Fun Nite chips were very disappointing. Not so with the tokens and chips however. As illustrated below, the attractive tokens are extremely well done. The \$25 & \$100 tokens, while not stamped "sterling", ".999 fine", "g.f.", as are other similar C. issues, they would appear to be so. The \$1 token is nickel, and the \$5 is antiqued bronze.

TRUMP'S TAJ MAHAL CHIPS

Same basic colors as all A.C. chips. White, pink, red, green, black, for the denominations from \$1 to \$100. No \$20 yellow chips. The \$20's seem to be phasing out all over, as most baccarat games now have a higher \$25 minimum.

Probably the most distinctive feature of the \$100 Taj Mahal chip is the hologram center insert.

Member in distress.

Honorary Life Member No. 1, Damia Francis is on the mend from injuries to her shoulder, elbow and hip, as a result of a fall and further complications. A few words of cheer or a card would certainly be appreciated by this grand lady. Her address is; Wood River Village - Fl 14, 3200 Bensalem Blvd., Bensalem, Pa. 19020

Waterman Fountain Pen Co. tag enigma.

The brass tag described and pictured below has been in my collection of N.J. exnumia for several years, but I still have not been able to learn what its actual use was. I would appreciate hearing from anyone who can shed some light on this mystery.

Obverse: Watermans/Ideal, pen over world globe/Fountain Pen.

Reverse: Insert This Key/In Slot/Dip Pen In Ink And/Withdraw Key/23487.

Its quite possible that the tag was attached to some sort of key, mentioned on the reverse.

Results of the mail-bid sale of the Somerset Hotel tokens, donated by Charles Lotcpeich: The 5¢ token brought a bid of \$7.25 and two of the 10¢ tokens went for \$6.00 each. A grand total of three bids were received. I can't believe that everyone out there has these scarce tokens. Anyway, the remaining 10¢ token is still available for \$6.00 and a SASE. Our gratitude to Charles Lotcpeich and the members who submitted bids.

DEADLINE FOR NEXT ISSUE OF JERSEYANA -- NOV. 15, 1990.

Exonumia From Your Neighborhood,

The Ocean Bank Specimen Sheets,

By David D. Gladfelter.

Some rare examples of New Jersey's monetary history came to light in the September, 1990 Christie auction of the reference collection of the American Bank Note Company; two different specimen sheets, each containing four notes of the Ocean Bank of Bergen Iron Works, Ocean County, N.J. The sheets, reduced in size, are reproduced here for the first time.

The two sheets were obtained by dealer, Barry Wexler and were on view at his bourse table at the recent GENA show in Cherry Hill, N.J. The accompanying photo copies were obtained for publication in "Jerseyana", through Barry's kind cooperation. As you read this, one of the sheets may already be history, as Barry had planned to break it up so that two of the notes could find new homes in South Jersey, with appreciative collectors.

As can be seen, one of the sheets consists of the \$2 note, (Wait #60) at the top, and below it the A, B and C plates of the \$1 notes, (Wait #59). The other sheet contains, from top to bottom, the A, B and C plates of the \$5 notes, (Wait #62) and the single \$10 note, (Wait # 64). Like the notes illustrated in Wait, those on the sheets are unsigned and have holes punched on the signature lines. They are mounted on heavy paper, indicating that they are printer's specimens. The printer's imprint, "Danforth, Bald & Co., New York & Philada.", appears on all eight notes. This firm was founded by the noted engraver, Moseley Isaac Danforth, and was absorbed into the American Bank Note Company in 1858. As William Griffiths points out in his history of the ABN-Co., Danforth's descendants served as ABN-Co. officers until 1923. Doubtless, these two specimen sheets came into the ABN-Co. archives at the time of the merger in 1858.

According to Ocean County historian, Bill Dewey, the last previous appearance of an Ocean Bank note at auction was in 1955.

(The two sheets are illustrated on the next two pages)

Token additions to previously issued cities:

B, 32mm.

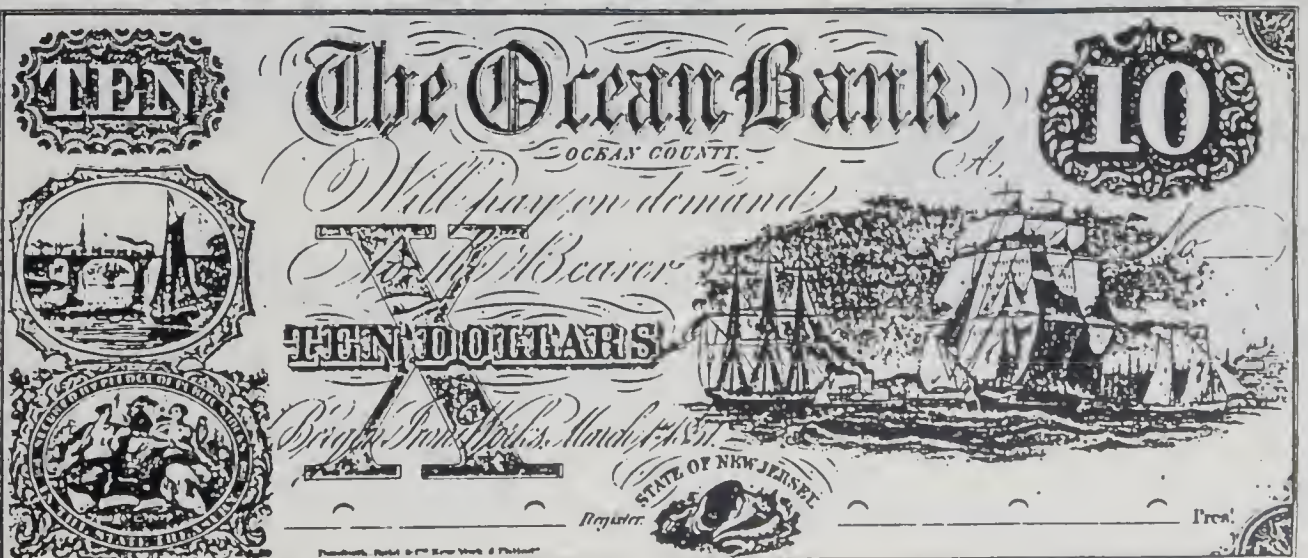

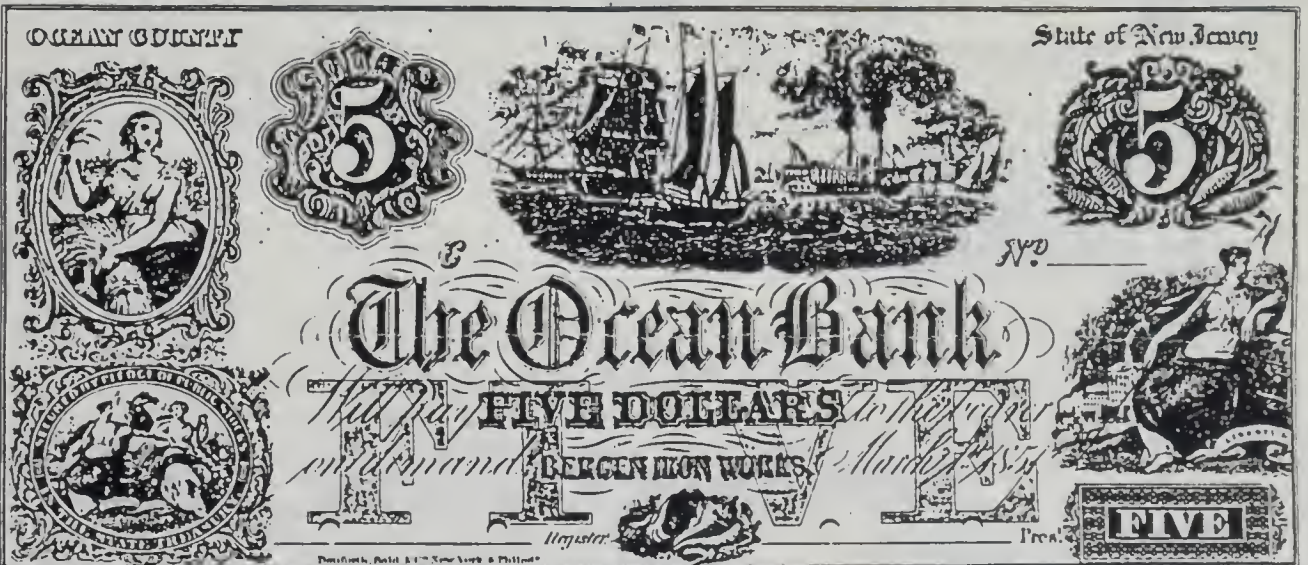

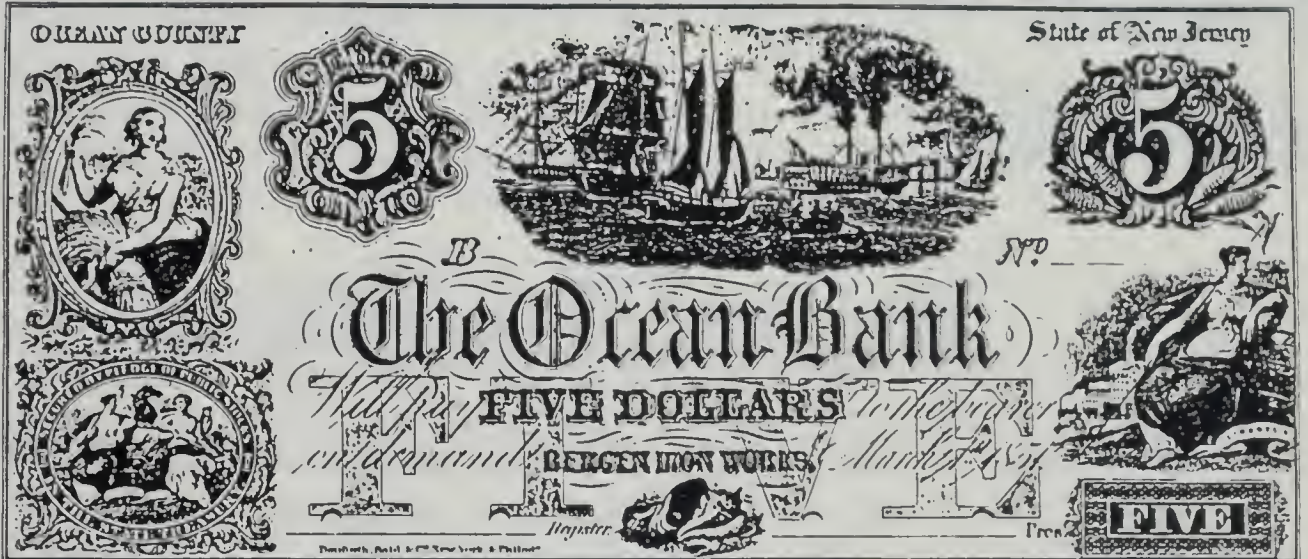

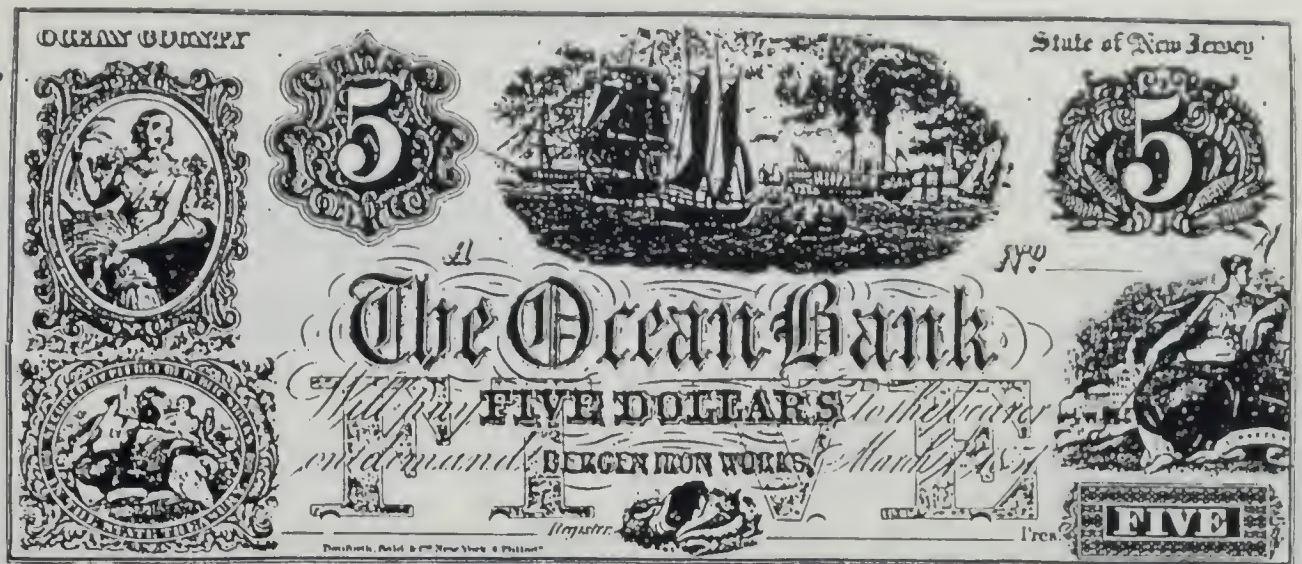

I would appreciate some assistance from the membership in the listing of New Jersey tokens. As of now, I just have one other listing from another collector. Please forward a listing of any New Jersey tokens in your collection and check for any tokens that were not listed from the cities that have already been published. Please do not list C.W., transportation, Hard Times, Food Stamp, or any other type of token that has been listed in any other token catalog, or listing. Thank you.
